Number 7

# New Board of Lay Trustees Formed

## Theatre Series Offers Pianist Percy Grainger

The Speckbaugh Memorial theatre recently announced the presentation, at 8:00 p. m. on the evening of Tuesday, Feb. 6, of the eminent composer-pianist, Mr. Percy Grainger. Mr. Grainger will present a program of classical and folk music, drawing from the works of Bach, Brahms, Strauss, Tchaikovsky, and his own great friend and admirer, Greig. He will also present several numbers from his own prolific pen.

Born in Melbourne, Australia, in 1882, young Grainger began his study of the piano at the age of six, and first appeared publicly four years later. By his twelfth birthday he had journeyed to Germany to study, and by the turn of the century he was touring the greater part of the Eastern Hemisphere. Soon after, his interest in folk music was aroused and he has since distinguished himself with his renditions of music of this type from around the globe.

Among his published compositions are some 70 settings of British, American, and Scandinavian folk music.

Some of his most outstanding compositions include the famous "Country Gardens," "Molly on the Shore," "Irish Tune from County Derry," and "Shepherd's Hey."

## Noll Men Build Own Rec Room

The long-awaited Noll Hall dream of a recreation room in the basement is becoming a reality. With the backing and support of the College Administration, which supplied funds, tools and tile floor covering, the Noll residents are converting their basement into a lounge for upper-classmen.

Plans include a light green color scheme and a tile floor with card tables and chairs for relaxation or study.

The biggest problem that faced the interior decorators were the raised sections of concrete in the floor, a memento of days when the basement served as a locker room. The concrete platforms supported banks of lockers. A compression hammer leveled the floor, though, in preparation for its tile covering.

## SJC Mother's Club Plans Chicago Meet

Officers of the St. Joseph's College Mother's Club of Chicago announced recently that the club will meet, for the second time during the present school year, at a one o'clock luncheon, Jan. 20, in Mandel's Ivory Room, Madison at Wabash, Chicago.

Several members of the St. Joseph's faculty will attend the meeting as guest speakers.

## COMPOSER-PIANIST

## Four Local Priests to Discuss Communism in Lecture Series

Four priests of the faculty will discuss various phases of Communism in a series of five lectures to be given at Lafayette, Ind., under the sponsorship of St. Lawrence Holy Name Society of that city. One lecture will be given each month from January through May. This series will be presented also at Kokomo, Ind., on the Thursdays of Lent, under the title of the Knights of Columbus Lenten Forum.

The Rev. Joseph Hiller will open the series in Lafayette on Jan. 15, and will speak on "Fears of Europe," a personal observation of Communism in Europe. On Feb. 15, Father Cletus Dirksen will discuss the "Origin of these Fears," that is, how Communism got its start. "Catholic Industrial Organization," or how your job is affected by Communism, will be the subject of Father Joseph Kenkel's address on March 15. The Rev. Edwin Kaiser will show how the home is affected by this evil on April 19. His address is titled, "The Impact of the Social Order." And on May 17 Father Dirksen will return to speak on "Catholic Political Action," stressing how each individual can fight Communism.

These same discussions will be held in Kokomo on Feb. 8, 15, 22 and March 1 and 8 in approximately the same order.

Father Hiller toured the European continent last summer, terminating his trip at Holy Year ceremonies in Rome. He is a graduate of Catholic University, with a Ph.D. degree, a member of the Economics Council of Indiana, and teaches German on the campus.

Associate Professor of Politics here, Father Dirksen received his Ph.D. in Politics at Notre Dame University in 1947. He is the author of several books.

Father Kenkel, Professor of Economics, earned his doctorate in Economics at Catholic University in 1922, and in 1944-46 returned

ed there as Assistant Professor of Economics. He is the author of "Sharing Management with Employees," and "Sharing Profits with Employees," and is a member of the Gallery of Living Catholic Authors.

During several years of study in Europe Father Kaiser travelled extensively in Europe. He received his doctorate in theology from St. John Lateran in Rome, and did post graduate work at the Gregorianum there. At St. Joseph's he is chairman of the Division of Religion and Philosophy, and Professor of Religion.

## Glee Club to Sing At Rensselaer, Joliet

Definite plans for the Glee Club in the near future include singing dates in Rensselaer, on Feb. 27; at St. Francis College, Joliet, Apr. 11; and here at St. Joe's, Apr. 20.

The Glee Club and its quartet, the Chordalians, with possibly some instrumental music added, will entertain a Jasper County civic group in town on the first date, at one o'clock in the afternoon. In April, our singers will journey to St. Francis to combine with that school's glee club in a concert, and the following week, the girls will come here to team up in a repeat performance. A dance, to which all are invited, will follow the Collegeville concert.

## Indianapolis Business Executive Chosen Permanent Chairman

The first meeting of the Board of Lay Trustees of St. Joseph's was held on the campus Friday afternoon, Dec. 8. Formed very recently, the Board will assist the College Administration in carrying out the objectives of St. Joseph's. Chiefly its function will be to give the layman's viewpoint on problems facing the college and its students.

## 14 Get Diplomas At Semester

Fourteen St. Joe seniors who have completed graduation requirements took comprehensive examinations in their respective fields last Friday and Saturday, in preparation for receiving their diplomas at the end of the current semester.

There will be no graduation ceremonies for the men. They will return in June for Commencement exercises with the class of 1951.

The fourteen are Eugene Beer, of Hamilton, Ohio, majoring in Biology; Raymond Biller, Saugatuck, Mich., History; John Coyne, Chicago, Ill., Physical Education; Richard Daniel, Tiffin, Ohio, Geology; and Brian Galvin, Chicago, Ill., Geology.

Charles Gorman, Henderson, Ky., Physical Education; Patrick Gavin, Gary, Ind., Business Administration; Maurice Hamilton, Rensselaer, Ind., Biology; Paul Pollack, Cleveland, Ohio, Biology; Robert Ryan, Fort Wayne, Ind., Business Administration; Maurice Shea, Campbellsport, Wis., History; Paul Tanner, Rensselaer, Ind., English; Edward Tomko, Cleveland, Ohio, Geology; and Robert Vladova, Chicago, Ill., Business Administration.

## Oraze Lectures Here On Fatima

Approximately 200 in the college auditorium heard Mr. Stephen Oraze predict that unless the requests made by the Blessed Virgin Mary at Fatima were granted, religious persecution and atomic warfare would soon come to the United States. Mr. Oraze, a nationally travelled Fatima lecturer, spoke here Jan. 4, under the title, "Atomic War or the Peace plan from Heaven."

A color sound movie called "The Peace Plan from Heaven" followed the lecture. The film dramatized the Fatima story and presented scenes from the present-day shrine in Portugal and the recent tour of the Pilgrim Virgin statue through the U. S. and Canada.

Mr. Oraze told his audience that world catastrophe is imminent unless more and more people take the message of Fatima to heart. He pointed out that the fulfillment of the prophecies made at Fatima in 1917—notably the prediction of World War II and the disastrous spread of Communism—left one of two alternative predictions to be realized in the immediate future. One is God's punishment of the world for its sins. The other is world peace through Mary's intervention.

In present day weapons, atomic and otherwise, Mr. Oraze saw the means for administering God's wrath.

He stated further that the moral decadence in the world, especially

Meeting with the Very Rev. Alfred J. Zanolar, president of the college, the Rev. Walter T. Pax, dean, and the Rev. Joseph Otte, treasurer, were the following members of the new Board: Mr. John Dwyer, vice president of Otis & Company, Chicago, and Chairman of the Board of the Monon Railroad; Mr. Robert A. Gallagher, president of Public Service Co. of Indiana, Indianapolis; Mr. Arthur Hellyer, president of Arthur Hellyer & Co., Chicago; Mr. Morris E. Jacobs, president of Bozell & Jacobs, Omaha; Mr. Frank M. McHale, senior member of McHale, Patrick, Myers, and Cook, attorneys of Indianapolis; Mr. John J. O'Laughlin, Chairman of the Board of the Oak Park National Bank, Oak Park, Ill.; Mr. Justin Oppenheim, '19, former Chairman of New Idea, Inc., Coldwater, Ohio; Mr. Garland L. Rathel, Chairman of the Board of St. Joseph's Hospital, and retired business man, Kokomo, Ind.; and Mr. Paul Schumacher, ex-'24, president of Peter Schumacher & Sons, constructors of Mishawaka, Ind.

Unavoidably absent from the first meeting were Mr. William A. Hanley, '08, vice president of Eli Lilly & Company, Indianapolis, and Chairman of the Board of Trustees of Purdue University; and Mr. Richard A. O'Connor, Chairman of the Board of The Magnavox Company, Ft. Wayne.

Chosen to serve as permanent Chairman of the Board is Mr. Robert Gallagher. Father Joseph Otte was appointed secretary.

## Trustee Dies

On Jan. 12 Mr. John Dwyer, one of the new Trustees, died following a heart attack, in Chicago. Funeral services were conducted in St. Philip Neri church, Chicago, Monday, Jan. 15. St. Joseph's was represented at the funeral by Fathers Zanolar and Otte.

Mr. Dwyer is survived by his wife and five children. To them STUFF offers sincere sympathy and the promise of prayers.

## Lake County Dance Slated for Jan. 27

The New Croatian Home, 4033 Main St., East Chicago, Ind., will be the scene of the second annual St. Joseph's Lake County Club dance on Jan. 27. Last year the club held its first dance here on the campus with a Mardi Gras central theme. Despite inclement weather, it brought out a better-than-expected crowd.

Mickey Isley and his orchestra will be featured at the mid-semester frolic and the time has been set at 8:30 to 12:30.

Members of St. Joseph's alumni from Lake County and the surrounding region have been invited to attend the dance.

The president of the club, John Hruzik, and the new moderator, Father Smolar, have been working with the various committees on decorations and advertising and other important problems. Father Smolar has taken the position of club advisor only this year, succeeding Father Boniface Dreiling.

(Continued on Page Four)

## What Can Be Done?

"Lord, what must I do to be saved?" A young man said it. A rich young man, by all the reports, which are pretty reliable. And a lot more young men today should be wondering about just that same vital question, of whether or not we shall be saved. "Saved," of course, from the awful, fearful, hideous ravages of war.

"What must I do—" We've got the answers, plain, unconfused, and stark. They were spoken so that EVERYONE could understand them, and what is more, they were intended by their speaker, Our Blessed Mother Mary, at Fatima, for EVERYONE to do something about. Listen:

"I have come to warn the faithful to amend their lives and to ask pardon for their sins. They must not offend Our Lord anymore, for He is already too grievously offended by the sins of men. People must say the Rosary. Let them continue saying it every day."

"Let them continue—" Them—US! We, here on this campus!

"What must I do—" "PEOPLE MUST SAY THE ROSARY—EVERY DAY!"

And more: "I promise to assist at the hour of death with all the graces necessary for salvation . . . all those who, on the first Saturday of five consecutive months . . . go to Confession and receive Holy Communion . . . recite the rosary . . . and keep me company for a quarter of an hour . . . while meditating on the mysteries of the rosary . . . with the intention of making reparation to me."

Our Protectress continues: "God gives graces through the Immaculate Heart of Mary. Ask them to PLEAD for PEACE from the IMMACULATE HEART OF MARY, for the Lord has confided the peace of the world to her."

And finally, Our Mother warns people everywhere to: "Amend their lives, and ask pardon for their sins." Specifically, what did She want? PENANCE. Inconveniencing ourselves, going out of our way; any or all of the practices usually reserved for Lent would be in place here. Lent, the season of sorrow. But what is this era in which we live but a CONTINUAL time of sorrow. Let us extend, in our ways of acting, that holy season, the year around.

And, besides penance, REPARATION. Actions, thoughts, words, ANYTHING and EVERYTHING can be offered in reparation to God Almighty for our own sins and those of the rest of the world.

Our Queen states it frankly and simply: "If my requests are granted, Russia will be converted and there will be peace. . . If not, she will scatter her errors throughout the world, provoking wars . . . and persecutions of the Church. The good will be martyred, the Holy Father will have much to suffer. . . and various nations will be destroyed . . ."

So there are the basic steps. Daily rosary, the first Saturdays, Consecration to Mary's Immaculate Heart, and acts of penance and reparation.

He "requests," Mary stated. If we may be permitted the liberty of saying so, She was indeed putting it mildly. For what She was REQUESTING was simply that we take the necessary steps to SAVE OURSELVES!!

And we must take it from there.

## H. S. Truman

Being a young American citizen, of the legal age to vote for more than a year and of the legal age to fight for more than four years, we feel the right to say that we're not quite satisfied with what we voted for or what we may fight for.

The center of these dissatisfactions is the president of the United States. Harry S. Truman, we aver, may be a good and conscientious man, but he is not the statesman and diplomat we need in the White House.

The politics and policies of Truman are not what we disagree with here. We neither condemn nor commend them in this space. It is his diplomacy and tact we question.

The United States was recently treated to three examples of the president's literary style. A private letter, which mentioned the Marine Corps with less than laudatory terms, received a response many an editorial writer could envy. Another private letter to a music critic, defending the somewhat questioned talents of Margaret Truman, became national news within a few days.

And then came the much-awaited "State of the Union" message. It appeared at a time filled with dramatic suspense, when some appreciation of the suspense and some showmanship could have produced a great effect.

But the "State of the Union" message didn't produce. It was a somewhat dry, precise and detailed report, whereas strong, powerful speech, actively presenting a definite policy on world affairs, could have rallied immeasurable confidence and favorable public opinion among the citizens.

The late president Franklin Roosevelt, whatever his faults

(Continued on Page Four)

## VA Warns Vets Of GI Bill End

U. S. Army veterans attending school were reminded recently by the Veterans Administration that July 25, 1951, is the cut-off date for starting courses of instruction. Once he completes or discontinues his course of GI Bill training, after the deadline, the veteran may not start another course. Also, he must meet two post-deadline requirements:

He will be expected to pursue his training "continuously until completion, except for conditions which would normally cause interruptions by any student."

And he may change his educational objective "only while in training and then for reasons satisfactory to the Administrator." Public Law 610, which permits a veteran to make a first change of general fields of study merely by applying for it, will not be in effect after the cut-off date, the V-A said.

### Conditions Stated

The conditions under which a veteran may interrupt his training after the July 25 date include summer vacation and four categories of students who, for reasons beyond their control, either may not be able to resume their training by that time, or may not be able to remain in continuous training afterward.

The four categories are (1) veterans who have started GI Bill studies and interrupt them to go back into active military or naval services; (2) veterans who completed pre-dental and pre-medical GI Bill schooling and cannot get into a medical or dental school by the deadline; (3) teachers who spend their summers taking training leading to a degree; and (4) those who complete GI Bill undergraduate courses and intend to go head with graduate training which would start after the deadline date.

Veterans in those categories should consult the V-A at once to make certain they know the special requirements in their cases. Unless certain deadlines are observed and correct procedures followed, they may find themselves barred by law from going further, the V-A said.

## Music, Presents, And Ventriloquist At Yule Party

The annual Christmas Party was held as usual this year on the night before Christmas vacation began. A band concert, a ventriloquist, and a vocal concert highlighted the evening, in that order. Another traditional high-point was the giving of humorous gifts to various students and faculty members by "Santa Claus," played this year by Mr. Cappuccilli, who in that role also served as Master of Ceremonies for the evening.

"Light Cavalary Overture," was featured among the band's numbers. Following was Mr. Johnny O'Neill, brother of Junior Pat O'Neill and an amateur ventriloquist, who put on an exhibition of his art. The Glee Club then took the stage. Outstanding among their selections were: "Kentucky Babe," "Stodola Pumpa," which also featured a solo by Miro Pregelj, and the "Winter Song," as well as several numbers by the Quartet, including "Winter Wonderland." The Xavier Hall Choir then joined the Glee Club, to form the entire College Concert Chorus, which sang: "Silent Night," "The Sleigh," and the "Laetentur Coeli."

"You're new here, so I may as well tell you—that snap-brim effect is definitely *outré*!"

## Gag Busters

By BOB

I am sitting in the only easy chair in the room and getting a glorified rendition of the "Nut-cracker Suite" from the mouse that has found a home there during the vacation. Perry Como's "Blue Room," is beginning to scratch after the 67th time. My imagination begins to take off and I'm thinking, "Boy! If Eddie just happened to be drafted over the holidays, why then I could . . ." But the door bursts open and there's ole' evil eye himself peekin' around the corner of the locker.

"Get yore little mallet, chisel and stone slab out pard, 'cause I'm goin' to give you some information that's bound to set all anthropologists agog for many years to come.

"Have you happened to catch squint of the two St. Joe men walking around here with their heads higher up in the clouds than the rest of us poor joes? Ole' buddy, we can add the names of Louie Hohe and Dan Hilker to the immortal scrolls of the "Hook" club. Yep—they took part of the fatal step anyway.

"And you've undoubtedly heard of the plight of one Joe I'm sure it's just a mix-up of my induction papers Hawkins. If you want to get the straight scoop on how to stay out of the infantry, then he's the lad to see.

Joe the kittens mittens Reidy and Fred I'm from Milwaukee and I ought to know Bruhn proved to be better than the best of operators at the recent "Nifcus" meeting so I've heard, ole' friend. That Reidy kid swept aside all obstacles and won the praises of one fair damsel in 15 short minutes during one lunch hour. When the camp meeting comes to town for Fred, however, he looks like MR. "T" out of the pages of Esquire.

"The guy who invented the telephone sure would be in the chips now if he were living. Jim I'm no longer a member of the bourgeoisie since I got my new car Houk calls his woman and has to be carried back to the room and helped into bed by his room-mate. If there had been a May Pole nearby at the time I think he would have performed the closest thing to the real McCoy since the day May was a kid. Not only does the phone ring for him but one joker by the name of Joe Kukoy is steadily gaining exclusive rights and has even gone so far as to ask for his own special long-distance operator.

"A lot of the guys around here are expecting to be shaking hands with the author of a book on How I Learned To Play Bridge In Five Minutes, So Why Can't You? He's an local genius, pard, and he carries the handle of Steve Cieszkiewicz. Better known as the "Cisco Kid."

"Jack Long John Keating never goes to class at the same time the other guys are in the mood to go, it seems. He stumbles in bright and early one morning and when asked where his playmates are answers the question innocently and somewhat sleepily. Now the poor prof is all mixed up and I wouldn't be surprised to see Keating's hide tacked to the back of someone's door in the near future.

"There's a game going around the campus known as charades, ole' pal, and methinks there is one Tom Limpy Crawford at the bottom of the whole bloody mess. Tom isn't so worried about losing anymore though since the indomitable Freddie Frisk is on his side.

"Now just a post-script at the end, buddy, in sanskrit o'course, and make it sound something like this—"Just call me Frank Shakey Pavalko, the head-manager."

## STUFF

Published bi-weekly during the school year, except during the calendar holidays of Thanksgiving, Christmas, Easter and mid-year examinations by students of St. Joseph's College. Entered as second class matter Sept. 20, 1937, at the Post Office in Collegeville, Ind., under Act of March 3, 1879. Subscription \$1.00.

# Pumas Swamped by Valpo, 98-61

## Between Halves

By FRANK GILLIGAN

It has been so long since the last writing of this column, that we scarcely recall where we left off. Christmas has come and gone, and our Basketball team has a few more games under their belt than when we last saw them.

Let's take a look at our squad and see how they shape up. They have played nine games, have won three and lost six. Not a very impressive record if we look at it just from a won and lost standpoint. But, we must take into consideration we started with an inexperienced team and they were bound to have a rough road in the first few games, especially playing teams like Loras and Evansville. The team has definitely improved and has the ability to bounce back. They were literally slaughtered by Evansville but came back from that disgrace to whip Norbert and Wabash.

Our basketballers really proved themselves in the Norbert contest. The game was played before a near empty gym, since all the students had gone home for Christmas vacation, and against a heavily favored opponent. Yet, the team showed their spirit and ability by handing a sound thrashing to the Green Knights from Wisconsin. This game also marked the return to form of George Peters. George hit for 23 points and once again looked like the Peters of old. With Peters and Wilz hitting consistently, the club may have the scoring punch they lacked in the first few contests. The team has averaged 57 points a game in their first nine contests, as against 65 points for the opponent.

### INDIVIDUAL SCORING AVERAGES ARE AS FOLLOWS:

Player	G	FG	FT	TP	AVG
1. Wilz	9	35	24	94	10.4
2. Peters	9	33	17	83	9.2
3. Schultheis	9	31	24	86	9.5
4. Kacmar	9	28	17	73	8.1
5. Kukoy	8	20	12	52	6.4
6. Drake	9	15	18	48	5.3
7. Saxelby	9	11	12	34	3.8
8. Barrientos	9	7	0	14	1.5
9. Soderstrom	7	5	2	12	1.5
10. Doyle	7	4	1	9	1.2

Mid-semester graduation will mark the end for four Pumas who were quite active in athletics. Pat Gavin, Charley Gorman and Ray Biller, and Cy Bohny finish their studies at the end of this month. Good luck to four fine fellows who have done a lot both for varsity and intramural sports here at St. Joe.

Our nomination for St. Joe's Intramural coach of the year is Danny Sullivan, whose Black Sheep are currently mopping up the Intramural A League. No matter what sport he is coaching, Sullivan is always a consistent winner.

Here are a few interesting notes about Alumni athletes who graduated in 1950. Don "Linx" Quinn, long distance kicker on the Puma grid machine, is at Missouri School of Mines, while 1949 Puma Guard and Captain, Al Miesch, had enrolled for further study at Indiana University, Charley Hanley, halfback on the 1949 squad, is in Uncle Sam's Army at Ft. Leonard Wood, Mo.

## Joes Hit Road For IC Games

St. Joe's Puma Cagers face two tussles on foreign hardwoods after last night's game with Eastern Illinois. Indiana State's Sycamores and the Cardinals of Ball State are the next scheduled foes.

On Jan. 20, on the Indiana State floor, the Pumas face the Sycamores for the second time this year. The Scharfmen would just as soon forget the 64-36 mauling that State gave them earlier, but Dick Atha, Cliff Murray, Bob Gilbert, and the rest of the Sycamore stars aren't going to be less potent on the friendly confines of their own court. In 14 games against Indiana State, St. Joe has garnered one lone victory. The Jan. 20 game will be an Indiana Conference tilt.

One week after the Sycamore contest, the Scharfmen invade the nest of the Ball State Cardinals, hoping to gain a victory from the Teachers. Last season St. Joe shaded the Cardinals by a slim two points in a thrilling 47-45 contest. However, Ball State has the edge in total games, 2 to 1.

With a 9-9 record for last season, Ball State boasts five returning lettermen who should give the team lots of basketball savvy. Guard Bob Newton, long shot converter, and forward Bill McColby, with a talented hook, head the veteran squad.

The Cardinals aren't too strong on height, however, so St. Joe should monopolize the backboards. Mike Kacmar's pivoting hook shot from the keyhole will probably be played to the Puma advantage. This game is also an Indiana Conference tussle.

## Bulldogs, Burdsall, Beat S J C, 63-48

St. Joe Pumas, playing their first game in 1951, blew an early lead and succumbed to the Butler bulldogs, 63-48 in a rather loosely played game. Puma inability at the charity line and poor ball handling were the main causes for the defeat.

Butler, led by Orvis Burdsall, overcame the Pumas late in the first half and were never headed. The Bulldogs led at the half by a 35-23 score.

George Peters and Jack Wilz sparked a Puma rally in the opening moments of the second half. The Scharfmen counted 16 points in the first 10 minutes to bring the score to 43-39, in favor of the Bulldogs. Good shooting by Joe Kukoy and Wilz kept the team in the game till the last five minutes with the score 50 to 47. The Pumas lost Kukoy on fouls at this point and Butler started to hit from all angles. They hit six points in one minute.

Butler's Burdsall was the outstanding score maker of the evening, with 19 points. Jack Wilz led the Puma scoring with 14 points. Capt. George Peters was close behind with 11 counters.

This was the third defeat for the Pumas in Indiana Conference play. Without a doubt, this was the poorest performance of the Pumas this season. They failed to rebound even though they had a considerable height advantage over the Bulldogs. Part of the sloppy play can probably be blamed on the team's long layoff

(Continued on Page Four)

## Overtime Rally Whips Wabash

The St. Joe Pumas after blowing two second half leads managed to eke out a 68-65 overtime win over Wabash College on Dec. 19 at Crawfordsville.

Schultheis and Kukoy were the big guns in the Puma attack, scoring 15 and 14 points respectively. St. Joe capitalized on the rough play of Wabash by sinking 26 out of 41 free tosses.

The Scharfmen took an early lead in the opening minutes but were caught by Wabash and fell behind as the sharp eyes of Pitzer and Savanovich found the range. The home team managed to hold a 26-24 lead at halftime.

Second half play saw the Pumas get hot and go ahead 46-41 on buckets by Schultheis, Peters, and Kacmar. With only four minutes left to play, Wabash caught fire to overcome an eight point deficit and tie the score at 62-62 as the regulation period ended.

Joe Kukoy's shot from out far gave the Pumas a 68-65 lead in the overtime, which they never did relinquish.

St. Joe	FG	FT	PF
Wilz	3	4	2
Elbert	0	0	0
Saxelby	0	1	5
Kukoy	4	6	3
Doyle	0	0	0
Schmieders	0	0	0
Kacmar	4	4	3

MacDougal	0	1	1
	26	13	34

## Lewis Bows, 71-62 As Wilz Sinks 21

It was just too much Jack Wilz for Lewis College Flyers as the big Puma forward threw in 21 points to give St. Joe a 71-62 victory over the Flyers on their home court, Jan. 11.

Most of the contest saw the lead changing hands minute after minute, until halftime, when the Pumas ended up with a 32-28 lead.

The boys from Collegeville pulled ahead in the second half on consistent scoring by Wilz, Schultheis and a newcomer, Reutebuch. The combined scoring of this trio plus the shooting of George Peters gave the Pumas a substantial lead which they never relinquished.

White and Koyol kept the Flyers in the game until the closing minutes, with 18 and 16 points respectively.

This win gives the Pumas a Midlands' Conference record of two wins and three losses. They still have three games to play in the conference, of which two are at home.

Jack Wilz's 21 points gives him a season total of 115 points in 10 games. He is followed by Peters and Schultheis with 96 and 94.

(Continued on Page Four)

## West Road Trip Rough On Pumas

By DICK UECKER

Dec. 6, 10, and 11 proved to be black days on St. Joe's basketball schedule as the Pumas dropped three road games in a row, to Evansville, Loras, and St. Ambrose.

Evansville's mighty Aces were the first to humble the Cardinal and Purple, burying the Puma cagers under a mountainous 107-66 score.

The short end of a 68-75 score was St. Joe's lot in the Loras game, as Jim McCabe and Co. proved to be a little too fast for comfort. St. Joe wound up its melancholy road excursion, dropping a close 54-46 decision to the St. Ambrose Bees.

In the Evansville game, it was apparent from the start that the Aces had too many guns, and all of them long-range weapons. They started fast and kept going, rolling up a 56-27 halftime score. The second half was the same story. Guard Jimmy Drake with 17 markers was top point getter for the Pumas, while Bob Sakel's 19 points was tops for the Aces. It was an Indiana Conference game.

The Loras game was a bitter, hard-fought contest, following the same pattern as the time Loras invaded Collegeville. As in the first tilt Loras started fast, rolling up a 20-7 score in the first few minutes, and having a 38-28 edge at halftime. A Puma last-half rally evened the tally at 50-50, but was stopped when the Duhawks suddenly went wild to the tune of 14 straight points.

Soon after, Joe Kukoy and Jack Wilz fouled out of the game, and Loras maintained the lead to the end.

Jim McCabe, as usual, was high point man for Loras, pouring 34 points through the cords. Ed Schultheis and Jack Wilz, with 14 and 13 points respectively, were high for the Pumas. The game was a Midlands Conference tilt.

On Dec. 11 St. Ambrose downed the Pumas in a slow, actionless game, 54-46. The St. Joe hoopsters led at halftime by a scant 23-22 tally. After the intermission, Ambrose grabbed a 37-33 lead and never relinquished it. Big Mike Kacmar chalked up 20 points for St. Joe to gain high point honors for the night.

## Ove Tallies 40

### For Record;

### Wilz High Puma

Valparaiso University's Crusaders enjoyed another of their typically hot home-floor nights, last Saturday, at the expense of St. Joe, romping in with a 98-61 massacre.

### Ove Breaks Record

Chief antagonist in the onslaught was Jim Ove, who, although removed from action five minutes before the final whistle, managed to pile up 40 points on 15 buckets and 10 free throws. His total bettered the old Valpo field house record, ironically notched by Bernie Hoffman of the '42 Pumas, of 36 points.

The story of the game is simply one of a .391 Valpo shooting percentage against a .286 Puma average. Added to the Crusaders dazzling cannonading from the floor was their 30 of 39 free

(Continued on Page Four)

## Peters' 23 Beats Norbert, 58-52

Led by Captain George Peters' 23 points, a season's record for individual scoring, the Pumas snapped a five-game losing streak in defeating St. Norbert's Green Knights, 58-52, Saturday, Dec. 16, in the field house. The Pumas only other win was a 71-33 landslide over Chicago University in the season's opener.

Starting slowly, the game was seven minutes old before the Knights hits their first field goal. Puma Center Mike Kacmar and Peters had previously combined to give the Pumas six points.

With seven minutes remaining in the half, the Norbertines pulled up to the Pumas, tying the score at 13 all, creating a situation which was repeated four times before the half. With only seconds remaining, Knight Forward Jack Conlon sank a field goal and a free throw, giving the Knights a half-time advantage, 22-21.

Peters and Norbert's Guard Romie Kosnar traded two pairs of baskets at the start of the second half, and with the help of Tom Saxelby, who had relieved fouled-out Kacmar, the Pumas went ahead to stay at 32-31.

Working up to a nine-point lead with five minutes left in the game, the Pumas had an anxious moment when Peters suffered a leg cramp and had to be helped from the floor. While he was out, the Knights cut down the nine points to four, at 53-49; then Peters returned to the game to stoke up the smoldering Pumas. With less than two minutes to go, Peters sank a free throw which was followed by baskets by Bob Soderstrom and Saxelby, making the score 58-49, with seconds remaining. The Knights countered with three points, but time ran out.

## PHASE Pictures

Increasing tension and uneasiness of the world situation led the editors of Phase, the college yearbook, to schedule pictures of all clubs on campus before the end of this semester. Starting this evening and continuing tomorrow evening, the pictures will be taken in accordance with the schedule printed below.

According to the Phase staff, this is the only arrangement to be made for club pictures. Those not on hand at the scheduled time and place will not appear in the 1951 Phase.

### Fatima

(Continued From Page One)

in America, indicated that the warning of Fatima had not been heeded. He referred to recent apparitions in Germany and the Philippines in which Mary reiterated Her warnings and declared that men do not grant Her requests.

Mr. Oza enumerated widespread divorce, birth control, abortion, immorality, materialism, and secularism as inviting Divine justice to fall on this country. He described present atheistic activity in the U. S. as a forerunner of possible open religious persecution in the future.

The latter part of the talk was devoted to a detailed explanation of the promises and requests made by Our Lady of Fatima. The requests are: 1) Penance and reparation; 2) Daily recitation of the Rosary; 3) Mass, Communion, and meditation on the Five first Saturdays; 4) Consecration to the Immaculate Heart of Mary.

### H. S. TRUMAN

(Continued From Page Two)

may have been, would have parleyed a dramatic moment like that into an effective and result-getting plea for support from America. The "big stick wielder" of the turn of the century, Theodore Roosevelt, would have capitalized on it just as well.

But hand-shaking Harry Truman delivered a speech as dry as a stockholder's report. Most of the points he outlined were in no way surprising, and he was unable to turn the rest of his speech into an effective diplomatic message. Without that ability, we don't think Truman can gain the confidence and support of the people.

Truman's aims and policies may be good, may be the best possible for America. But his presentation of them lacks all appeal.

After all, the ability to rally a group of people, be it a small club meeting or a radio audience, is a prime factor in the make-up of a great politician. Without support and favorable public opinion, no politician can put his ideas and aims into effect, no matter how good they are. And unless a politician has enough of the actor in him and enough potency to make a strong speech, neither of which Truman has, he will get neither support nor good opinion.

Harry Truman may be a good president, but we don't think he'll ever be a great one.

## St. Joe Cagers, DePaul Demons Clash February 5

Coach Dick Scharf and his Puma cagers really have their work cut out for them on Feb. 5, when they meet the DePaul Demons in Chicago.

Ray Meyer's Demons have already defeated such outstanding teams as Illinois, currently leading the Big Ten, and Cincinnati, always a power in basketball. Kingpins of the flashy DePaul offense are Bato Govedarcia, candidate for All-American honors, and Clem Pavilonis, 6-7 center. Both of these dead-eyes are averaging around 15 points per game. The Pumas have had little luck in the past against the Demons, losing all five of the contests played. St. Joe gave the Meyermen quite a scare last year before losing by a 74-64 score.

### St. Joe vs. Valpo

(Continued From Page Three)

throw attempts, as contrasted to only 17 out of 33 for St. Joe. Wilz High for Pumas

St. Joe was in the game only for the first few minutes, when the score was tied 6-6. From here, Valpo consistently added to their margin, most of the points being scored on Ove's hook shots. The halftime count was 47-35, and things got steadily worse.

All Puma netters saw action in the record-setting spectacle, with high-point honors going to Jack Wilz and his 12 points.

## New Boiler Due In Powerhouse

Father Otte has announced that a new boiler for the Collegeville powerhouse is scheduled to arrive here in the next few days to replace one several years old which virtually fell apart at the seams during the Christmas vacation.

The flaw, which is attributed to chemical action, was discovered during a periodic cleaning and inspection. Local authorities state that the heating plant might have gone up through the power house roof had it been put back in service. Since the holidays the remaining two boilers have been adequate to heat the college radiators. However there was no great threat of inconvenient freezing since only two boilers are used anyway, with one as a standby for extremely severe weather.

The new steam-producer is travelling by flatcar from its maker, the Erie Ironworks Co. of Erie, Pa. It is a fire-tube-type of all-welded construction with a capacity of 125 horse-power at 150 pounds pressure.

## NFCCS Council Convenes Here

St. Joseph's played host to the second meeting of the Eighth National Executive Council of the NFCCS, Jan. 2-5. Highlighting the meeting were talks by the Very Rev. Msgr. Joseph Schieder, director of the Youth Department, NCWC, and Mr. William Harrington, European representative of the Catholic College Students of America.

The group was welcomed by the Very Rev. Alfred Zanolari, C.P.P.S., president of St. Joseph's, in an address at the first meeting.

Chief among the topics covered were the White House Mid-Century conference on Youth, the OSP travel program, and financial and administrative policies.

In view of the threat of war, and the possibilities of the induction of the officers of NFCCS, the Council provided for the succession of officers if the present ones should be called to military service.

Approximately 60 persons, including moderators and national officers, and representatives of colleges and universities from every part of the country attended the meeting.
